

# Laboratory research №4.7.3 on «Polarization»

Khoruzhii K., Primak E.

18.04.2021

# RGB measurement

We measured all the colors received by the system.

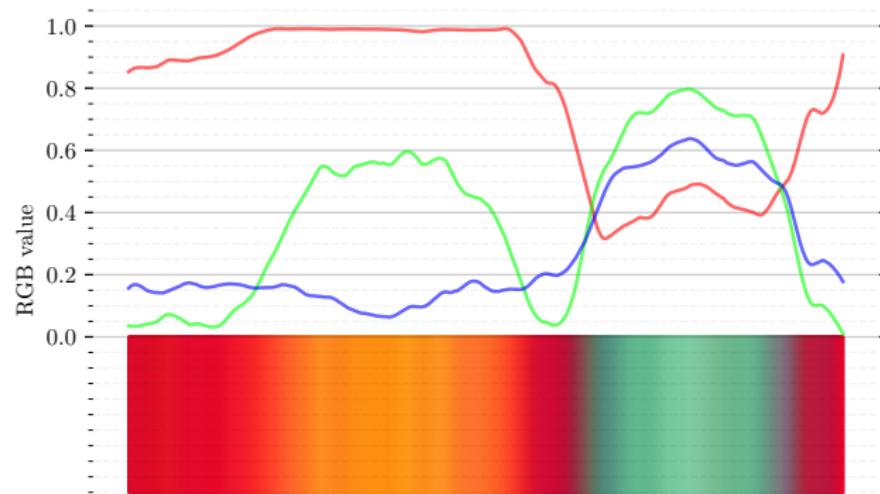

Figure 1: Observed colors and RGB decomposition

# RGB measurement

The same way we observe color gamma to the grid:  
(due to small size of objects we had to detect grid coordinates)

# RGB measurement

Finally, observed colors, in polarizer rotation:

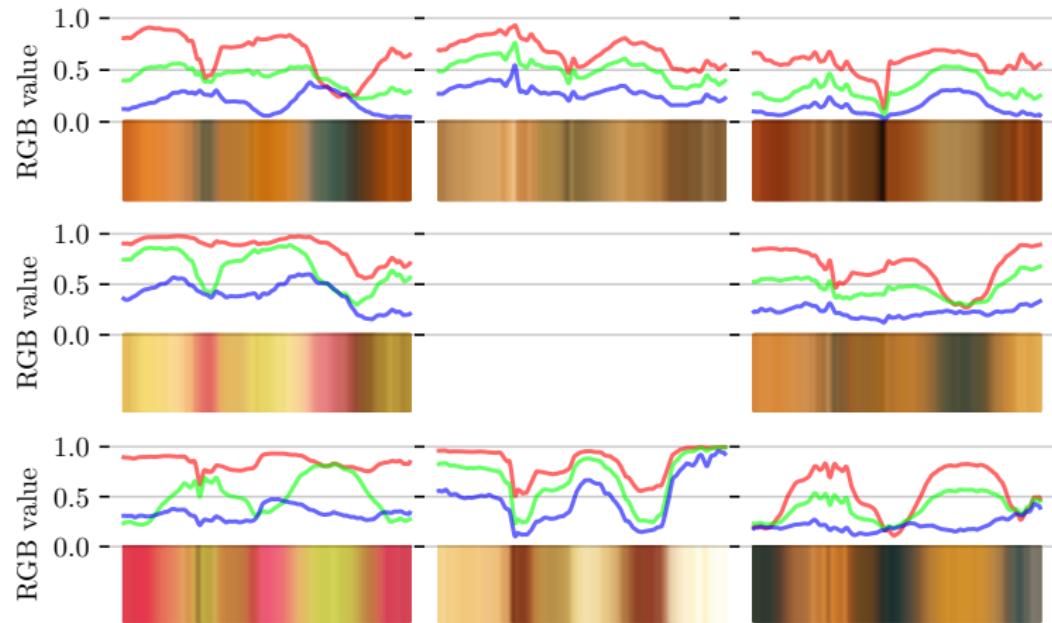

Figure 2: Observed colors and RGB decomposition

# Conclusions and thoughts
